

Real Estate Briefs:

Homeward bound offered next month in Dover

Homebuyer program offered in Dover

Saturday, Aug. 9, 2008

The Housing Partnership will offer its homebuyer education program, Homeward Bound, Sept. 9, in Dover. The program teaches potential homebuyers concepts critical to the home-buying process.

Homeward Bound is the only HUD-approved, community-based, comprehensive homebuyer education course offered in the Seacoast region. After completing the program, homebuyers receive a certificate that satisfies the counseling requirements of many special loan programs.

Seminars are offered in two formats, four nights over two weeks or a single all-day session.

All Homeward Bound seminars are free, but space is limited, so pre-registration is required. Register online at www.housingpartnership.org, by e-mail at info@housingpartnership.org or by phone at 766-3120.
